4 CHAIRPERSON'S ANNOUNCEMENTS

Nil.

5 LATE ITEMS OF URGENT BUSINESS

Nil.

6 PUBLIC PARTICIPATION

A maximum of 30 minutes has been set aside for members of the public to speak on any item on the agenda. Up to 5 minutes per person is allowed. As per Standing Order 14.14 requests to speak must be made to the meeting secretary at least one clear day before the meeting; however this requirement may be waived by the Chairperson.

The Chair, Cr Tumataroa-Clarke noted that Council's Environmental Engineer, Teri Wathen-Smith will be presenting to the committee on Wairoa's Cyclone Experience then the committee will move into a public excluded session so that consultants were able to leave and back into open for consideration of the general items.

WAIROA'S CYCLONE EXPERIENCE PRESENTATION – TERI WATHEN-SMITH

The Chair, Cr Tumataroa-Clarke welcomed the Council's Environmental Engineer, Teri Wathen-Smith to present on Wairoa's Cyclone Gabrielle experience and specifically the impacts on the Council's water infrastructure. She highlighted:

- Rainfall in February 2023 exceeded the monthly average by 400% and some sites by 800%.
- The Wairoa community surviving 3 days alone post Cyclone Gabrielle with no communication from anyone outside of the district.
- During the Cyclone the water intake point was engulfed by the river causing major treatment issues of the water and damage to the infrastructure. The river entered into the water intake vents and flooded the chambers and pumps.
- Over 80 sandbags deployed to protect the Mahanga pump station, however, as these were stolen the pump station was flooded.
- Significant issue for Mahia – land movement and fallen trees breaking the irrigation drip lines.
- Transformational impact of Red Cross funding through recovery and putting whanau back in their homes.
- Government earmarked \$70m for flood protection.

The Chair, Cr Tumataroa-Clarke thanked Teri for her presentation and insight into the impacts of Cyclone Gabrielle on the Council's water infrastructure.

7 MINUTES OF THE PREVIOUS MEETING

COMMITTEE RESOLUTION 2024/98

Moved: Cr Denise Eaglesome-Karekare

Seconded: Cr Chaans Tumataroa-Clarke

That the minutes of the Ordinary Meeting held on 26 March 2024 be confirmed.

CARRIED

8 GENERAL ITEMS**8.1 PLANNING AND REGULATORY REPORT - FEBRUARY AND MARCH UPDATE 2024****COMMITTEE RESOLUTION 2024/99**

Moved: His Worship the Mayor Craig Little

Seconded: Mr Chris Olsen

The Pouwhakarae - Whakamahere me te Waeture | Group Manager Planning and Regulatory RECOMMENDS that Committee receive the report 'PLANNING AND REGULATORY DEPARTMENT REPORTS - February 2024 - March 2024'.

CARRIED

The Group Manager – Planning and Regulatory, Hinetaakoha Viriaere spoke briefly to this report highlighting:

- The slow movement of placards being removed and/or status changed across the last month, noting only one residential property moved to a green placard in April.
- Off site assessment undertaken by the International Accreditation of New Zealand (IANZ) of the Council's building consent authority processes and procedures have returned with great results.
- Advertising for another Planner currently occurring.
- Submission made to the Fast-track Approval Bill on behalf of Council.

The Chair, Cr Tumataroa-Clarke highlighted the percentage figures presented on page 15 of the agenda around building consents and LIM's and asked if that was from one of the big housing developments currently being done in the township. The Group Manager – Planning and Regulatory advised she will report back on this at the next committee meeting.

Members agreed for staff to try to keep the same standard or accelerate the numbers of placards being removed as this has been progressing well and is about getting whanau back into their homes, noting only one change in residential placards across the month of April.

8.2 ASSETS & INFRASTRUCTURE GROUP - UPDATE**COMMITTEE RESOLUTION 2024/100**

Moved: Cr Chaans Tumataroa-Clarke

Seconded: Cr Denise Eaglesome-Karekare

The Pouwhakarae-Hua Pumau | Group Manager Assets & Infrastructure RECOMMENDS that Committee receive the report, and provide direction where appropriate.

CARRIED

The Group Manager – Assets and Infrastructure, Michael Hardie provided a brief update to his report noting:

- Under the Local Water Done Well (LWDW) the government have confirmed current funding arrangements will be retained to support the implementation of the LWDW project so Council can retain the better-off and transition funding.
- Te Reinga bridge rebuild and a major risk in relation to timelines noting the correction on page 28 of the agenda '7th August 2025' is meant to be the stipulated date to have the bridge completed not 7th August 2024.
- Realigning 3 sections of the walkway – Near Oslers, Eastend and Spooner's point as displayed in the report. Members briefly discussed how each of these intend to be funded.

Members discussed the expected shortfall of funding that Council will have to give back and the expectation to roll this fund over until the 100% funding is fully expended now being removed. Members agreed for His Worship the Mayor to receive a list of projects for the district and to use this to lobby for Wairoa to relevant Ministers.

His Worship the Mayor asked if staff have looked at other avenues of support for the celtic clubrooms. Members discussed the potential opportunities the clubrooms can offer to the community if it were renovated and made a fit for purpose facility. Members agreed for the Group Manager – Assets and Infrastructure to organise a site visit to the celtic clubrooms and from this a report can be tabled at the next committee meeting on a approach forward.

The Group Manager – Assets and Infrastructure, Michael Hardie advised that the status of the land at the Mahia Recycling Centre has just been completed, the Maori Relationship Manager is assisting with engagement and he believes that the project is on track to be completed by December 2024.

9 PUBLIC EXCLUDED ITEMS

RESOLUTION TO EXCLUDE THE PUBLIC

COMMITTEE RESOLUTION 2024/101

Moved: Cr Chaans Tumataroa-Clarke

Seconded: Cr Denise Eaglesome-Karekare

That the public be excluded from the following parts of the proceedings of this meeting at 1:48pm.

The general subject matter of each matter to be considered while the public is excluded, the reason for passing this resolution in relation to each matter, and the specific grounds under section 48 of the Local Government Official Information and Meetings Act 1987 for the passing of this resolution are as follows:

General subject of each matter to be considered	Reason for passing this resolution in relation to each matter	Ground(s) under section 48 for the passing of this resolution
<p>9.1 - WAIROA WASTEWATER DISCHARGE CONSENT IMPLEMENTATION - UPATE</p>	<p>s7(2)(h) - the withholding of the information is necessary to enable Council to carry out, without prejudice or disadvantage, commercial activities</p>	<p>s48(1)(a)(i) - the public conduct of the relevant part of the proceedings of the meeting would be likely to result in the disclosure of information for which good reason for withholding would exist under section 6 or section 7</p>
<p>CARRIED</p>		

<p>COMMITTEE RESOLUTION 2024/102</p>
<p>Moved: Cr Chaans Tumataroa-Clarke</p>
<p>Seconded: Mr Chris Olsen</p>
<p>That Council moves out of Closed Council into Open Council at 2:44pm.</p>
<p>CARRIED</p>

The Meeting closed at 3:30pm with a closing karakia given by the Chair, Chaans Tumataroa-Clarke.

The minutes of this meeting were confirmed at the Infrastructure and Regulatory Committee Meeting held on 21 May 2024.

8 GENERAL ITEMS

8.1 ASSETS & INFRASTRUCTURE GROUP - UPDATE

Author: Mike Hardie, Pouwhakarae-Hua Pumau | Group Manager Assets & Infrastructure

Authoriser: Kitea Tipuna, Tumu Whakarae Chief Executive

Appendices:

1. Project Dashboard [↓](#)
2. Monitoring Report [↓](#)
3. Submission to Emergency works investment policies 2024-05_DRAFT_For Elected Member Review - Public Excluded

PURPOSE

This report provides information for Committee on Assets & Infrastructure Group and the differing activities within.

RECOMMENDATION

The Pouwhakarae-Hua Pumau | Group Manager Assets & Infrastructure RECOMMENDS that Committee receive the report, and provide direction where appropriate.

2. BACKGROUND

- 2.1 This report is aimed at providing the Infrastructure & Regulatory Committee key information of key assets and infrastructure items at a high level.
- 2.2 This report includes a summary of projects “at a glance”. Additional reports will be provided on specific areas and where further direction is sought from the Infrastructure & Regulatory Committee.
- 2.3 As a general rule, projects valued under \$100,000 will be reported by exception only, for example if considered of high public interest. Anything under this value is normally covered off under the delegation’s manual or within existing contracts. Additional projects can and will be provided where further direction is sought from the Infrastructure & Regulatory Committee.

3. DIRECTION

3.1 This section will outline the direction that Council officers are seeking from the Infrastructure & Regulatory Committee. It will outline how projects align with Council’s direction and how these projects are being delivered in line with relevant policies and strategies i.e., Infrastructure strategy, procurement guidelines, AMPs, LTP, Annual Plan.

3.2 Committee Direction Tracker

This table documents specific direction from previous Committee meetings. It will allow Council officers to track progress on these high-level matters and ensure they are closed out. Commentary can be provided on status of progress or any issues around this. Tasks will be deleted off tracker once they are completed or no longer relevant.

<i>Committee Meeting Date</i>	<i>Committee Direction/Action Required</i>	<i>Status/Progress</i>	<i>Commentary</i>
11 Apr 2023	Provide report on Pensioner Housing every 3 rd Committee Meeting		Next report on this due May 2024
18 July 2023	Uneconomic Road Policy/Road maintenance rationalisation		Workshop held in December 2023. More work underway to plan this out.
18 July 2023	Tuai community consultation around water chlorination		Communication plan updated and targeting June 2024 for initial hui.
5 September 2023	Report of wastewater inflow/infiltration at Mahia Heights		Still working on this ,smoke testing and camera work to be done.

3.3 Tuai Water Supply Hui

3.3.1. Direction sought from Committee on their views of combining the LTP consultation hui with the Tuai Water Supply chlorination hui that was intended to take place in June. The view is to try and avoid consultation fatigue by combining them, but being two sperate issues it would be good to get views of the Committee.

4. MONITORING

4.1 This section will refer to the project dashboard **see Attachment 1**. Any project areas such as budget or delivery that are highlighted Amber or Red in the dashboard will be commented on here. (Please note this project dashboard forms part of an Excel spread sheet capturing all Project activities, Property, Solid Waste, Land Transport, 3 Waters)

4.2 **See Attachment 2** Monitoring report shows current spends on operational budgets and a summary of CSR data for 3 main area spends: Land Transport, 3 Waters, Property/Solid Waste.

5. RISKS

5.1 This section includes the project dashboard, **see Attachment 1**.

5.2 Current Risks of significance

5.2.1. Local Water Done Well

5.2.1.1. Uncertainty around what this looks like moving forward.

5.2.1.2. Better off funding package

- 5.2.1.2.1. Risk of funds being re-prioritised by DIA. Council and Council Officers have feedback information to DIA stating that we do not wish to re-prioritise.
- 5.2.2. Mahanga & Tuai Water Supplies
 - 5.2.2.1. Time extensions have been requested from Taumata Arowai to have these Water Supplies up to standards in terms of meeting the compliance standards. No confirmation of this yet. Council Officers are working through investigations/business cases/communication plans on each of these supplies in conjunction with the extension request.
- 5.2.3. Te Reinga Bridge Replacement
 - 5.2.3.1. Budget and Time completion risks. Project team working hard to ensure these are mitigated and reported on regularly.
- 5.2.4. Emergency Works Policy Submission
 - 5.2.4.1. Potential changes in Emergency Policies will have a major impact on Wairoa. Attached is a draft submission for feedback from Committee, see Attachment 3.
- 5.2.5. Solid Waste
 - 5.2.5.1. Major proposed changes in Solid Waste over the coming years. Continual workshops with Elected Members will be scheduled to ensure that information/proposals are well understood prior to any decision being made.
- 5.2.6. Wastewater working parties
 - 5.2.6.1. Officers are struggling to get traction with these groups as part of the resource consent. Council workshops will be scheduled to keep a close handle on this risk.
- 5.2.7. Winters Building
 - 5.2.7.1. Financial risk. The team is highlighting a potential cost overrun due to design challenges. Details to be provided as more information is understood around these challenges.

6. KEY UPDATES

6.1 Laboratory Status

- 6.1.1. In the recent Council meeting, 7/05/2024, Council supported the recommendation to outsource the delivery of water testing services and outsource this process to an out of district supplier, and endorses staff to undertake the next key steps to close the current level 2 laboratory at the Water Treatment Plant.

6.2 Mahia Recreational Spaces – Multi-Sport Courts & Playground

- 6.2.1. Resource consent was granted by an independent commissioner for the multi-Sport Courts upgrade at Mahia. Work on this commenced 13/05/2024.

6.3 Land Transport (Roading) Recovery (Cyclone Gabrielle) & June/November 2023 Weather Events

Activity/Programme	Funding secured for 'Response Phase' @ 100 FAR	Expenditure to date	Forecast 30/06/2024
Initial funding request	\$16,175,000	\$16,175,000	\$16,175,000
Cost-scope adjustment request	\$31,852,549	\$23,661,000 (As at 31 March 2024)	\$27,000,000

Remaining funds from this initial response fund will rollover to the new financial year, and it is likely that this will be at 95% FAR. No further direction from NZTA at this stage.

It needs to be noted that at time of funding application, the intention was to spread these funds over a 3-year period. Direction from NZTA has changed since funding was applied for and secured.

Funding applications for Reinstatement/Repair have been submitted for Cyclone Gabrielle & November 2023 weather events. Exact Council costs will be requested through Council once applications are finalised, as there will likely be some affordability/prioritisation discussions that will need to take place through the LTP planning and discussions. NOTE: Cyclone Gabrielle Reinstatement/Repair & November funding applications have not yet been approved.

6.4 Te Reinga Bridge – Permanent Replacement

6.4.1. Expression of Interest & Procurement is underway. Key dates as outlined below:

KEY EOI DATES	
EOI Released	14 May 2024
EOI Deadline for Questions	5:00pm 31 May 2024
EOI Deadline for Submissions	5:00pm 4 June 2024
KEY PROCUREMENT DATES	
Short-listing tenderers	14 th June 2024
Issue of RFP	17 th June 2024
Tender Close	17 th July 2024
Contract Award	12 th August 2024
ECI (SP 1) Concluded	November 2024
SP2 Construction Start	December 2024
Contract Completion	August 2025

7. HBRC OPERATIONS UPDATE

7.1 This section is to share information from our HBRC colleagues to show the work they are doing on infrastructure in the Wairoa District. A key aim is to work closer together to ensure the correct areas are being targeted. This will be updated every 3 Committee meetings:

- 7.1.1. Tawhara scheme inspected. Needs mechanical excavation work. To be programmed soon.
- 7.1.2. Paeroa scheme excavations progress 25% complete.
- 7.1.3. Ohuia Scheme
 - 7.1.3.1. Reports of pump 1(duty) faulting. Electrician to be notified.
 - 7.1.3.2. All other pumps working.
- 7.1.4. Tuhara drain scheduled for excavations.
- 7.1.5. Opoho mouth closed. Pryde contracting organised for opening stream mouth, removing any blockages and managing old burn piles on site.
- 7.1.6. Kopuawhara Floodgate headwalls in design phase. Once completed will be constructed in June. Drains to be benched for stability.
- 7.1.7. Ministry of Education meeting completed for Nuhaka. Floor levels provided.
- 7.1.8. Modelling work for Nuhaka township is ongoing.
- 7.1.9. Adroit has given HBRC diagnostic devices:
 - 7.1.9.1. Monitors rainfall and quality of water. 6-month free trial. Testing of new equipment to be tested in remote areas.
- 7.1.10. SiteSentinal cameras x 10 to be purchased for mouth monitoring.
- 7.1.11. Kopu road rock wall works have started.
- 7.1.12. Big boulder at Whakaki weir. To be removed.
- 7.1.13. Mohaka gravel surveys being done.
- 7.1.14. Opoho and Ohuia scheme reviews in draft at the moment. They are currently being re-written to second draft end of May.
- 7.1.15. Mahanga – a hydraulic report has been completed which shows that the issues are associated with groundwater. This report needs to be reported to WDC Council at a Council meeting. Further actions will come from this.
