The Wairoa District Councils submission to the Fast-track Approvals Bill was submitted in April this year. The Fast-track Approvals Bill is an omnibus bill. The bill proposes to enable a fast-track decision-making process for infrastructure and development projects that are considered to have significant regional or national benefits.

Data on the Temporary pods that were placed onsite to provide temporary accommodation for whānau displaced from their homes due to the impacts of Cyclone Gabrielle in February 2023 was submitted to the Ministry for the Environment (MFE) at their request. The information was to help provide information relevant to the Severe Weather Emergency Recovery (Temporary Accommodation) Order 2023. At the time the data was collated i.e., 28th March 2024 the number of pods in the district was x71. This Order in Council makes it easier to provide temporary accommodation for anyone displaced from their homes because of the severe weather events. It reclassifies temporary accommodation that breaches certain district plan barriers as a permitted activity under the Resource Management Act 1991.

The Order has effect retrospectively from 1 June 2023. This means it applies to temporary accommodation which was put in place after this date. It expires on 9 August 2026, after which point the temporary accommodation buildings will need to be removed, unless they are authorised by another mechanism under the Resource Management Act 1991 such as a resource consent. Any resource consent application must be lodged before the close of 9 February 2026, otherwise the temporary accommodation must be removed by 9 August 2026.

- The BCA experienced a National Flooding event as a result of Cyclone Gabrielle, in excess of 300 buildings were affected in the Wairoa.
- BCA resources will be under pressure as the cyclone recovery progresses.
- The BCA is currently processing consents for a Pizza Hut, Wairoa and an addition to the Limery complex, Kopu Road.
- All territorial authorities are required to have a policy to deal with dangerous and insanitary buildings within its district in accordance with sections 131 and 132A of the Building Act. Policies must be reviewed at no more than 5 yearly intervals. The last review was undertaken in 2019. Therefore, Council is currently consulting on its existing Dangerous, Insanitary and Affected Buildings Policy.
