## Māhia Recycling Centre: Information Sheet

### What, Why and When

#### **What: Māhia Recycling Centre Relocation to Ōpoutama**

We're excited to share that the Māhia Recycling Centre is embarking on a journey to a new location in Ōpoutama! This relocation is part of our ongoing commitment to serving the community and the environment. The proposed location will be on YMCA Road (see site map below), is currently vested to the Wairoa District Council and is zoned 'Recreational Reserve' (Reserve). The Council is undergoing a change from 'Reserve' to 'General Purpose' in order for this centre to be built, and support the local communities recycling needs.

#### **Why: A Positive Step Forward**

With our lease ending at the current Kaiwaitau Road location, we saw an opportunity for growth and enhancement. Thanks to the generous support from the Ministry of Business, Innovation and Employment (MBIE), we're able to make this positive change, ensuring a more sustainable future for Māhia.

#### **When: Aiming for Completion the end of 2024**

We're working diligently to complete the relocation process by the end of this year. Our goal is to minimise disruption to our services while ensuring a smooth transition to the new site on YMCA Road in Ōpoutama.

#### **Going Forward: Future-Proofing and Community Collaboration**

Our relocation isn't just about moving to a new space; it's about preparing for the future. By shifting the new site's status from 'Reserve' to 'General Purpose', we're future-proofing our recycling capabilities, ensuring that we can continue to care for the land for generations to come. Additionally, this move will create employment opportunities for the local community, further enriching the fabric of Māhia's economy and social landscape. We're grateful for the ongoing support of the community and look forward to continuing to work together towards a more sustainable Māhia.

As part of the change of status process, it will be open for public engagement. Due to our ongoing relationship with this committee we humbly seek guidance and an opportunity to discuss this project at its concept stage.
